1 Multi-sectorial stakeholder group

National level: It was decided to have an informal multisector stakeholder group to discuss the objectives, criteria to be taken into rural electrification development program in each country – and collect existing data

MIME in Cambodia and **MEM** in Laos are leaders (chairs) in these working groups and IED local subcontractors (Sengprasong (NUOL) & Chanthan (CDEC)) were liaison officers to animate (stimulate) the discussion.

The following list of multi-stakeholder group's members has been established for Lao PDR
